LB 361

three percent adjustment for the salary survey, perhaps it could be done and the Governor could take that into account for his other line item vetoes, and obviously if we wait until tomorrow, the two remaining, well, the one remaining bill that is affected, 998, has to be returned today and I thought the effort ought to be made if the Chair and the body concurs, ought to be made fairly early this afternoon.

SPEAKER MARVEL: What is there, Senator Warner, just one bill at this time?

SENATOR WARNER: Yes.

SPEAKER MARVEL: Okay, is there objection to the Warner motion? Senator Koch.

SENATOR KOCH: Mr. Speaker, my motion referred only to Select File, and if this body saw fit to take up a special piece of legislation such as Senator Warner is alluding to, that would not be covered under this proposed rule that I am suggesting.

SPEAKER MARVEL: I think we will withhold that until we get the suspension of the rule straightened out. Okay, let's proceed with the agenda. We can do that without waiting for these other items. Senator Fitzgerald, excuse me just a minute, Senator. Mr. Clerk, are we ready to take up 361?

CLERK: Yes, sir, we are. Mr. President, 361 has been considered by the body on Select File. There were amendments, E & R amendments were adopted. A motion by Senator Landis was adopted. Senator Simon made a motion to indefinitely postpone the bill which laid it over and that is what we now have pending.

SPEAKER MARVEL: Senator Simon.

SENATOR SIMON: Mr. President, I think I will wait and see what shenanigans take place on this bill so I would like to momentarily withdraw that kill motion.

SPEAKER MARVEL: Your motion is...Senator Simon, you are withdrawing your kill motion?

SENATOR SIMON: I am trying to find out which bill DeCamp is going to put the district elections on. Is it this one, John? Not this one. I will withdraw it.
